

GOVERNMENT OF GHANA

**EDUCATION STRATEGIC PLAN
2010 - 2020**

ESP VOLUME 2 – STRATEGIES AND WORK PROGRAMME

Ministry of Education

November, 2012

Education Strategic Plan 2010 - 2020

Volume 2: Strategies and Work Programme

Introduction to Volume 2

Chapters 2 and 3 of Volume 1 of the ESP (Education Strategic Plan 2010 – 2020) presents policy areas, policy objectives, targets and outline strategies that will develop and sustain education in Ghana over the period 2010 to 2020.

Volume 2, the Work Programme of ESP 2010 - 2020, builds on those chapters. It presents a macro-picture of targeted outcomes, associated inputs, estimated costs and broad responsibilities for the five education sub-sectors over the plan period. As with the previous ESP, the Work Programme provides a basis for officials in MOE and its agencies, and in the Regions and Districts to develop relevant operational tools. It also provides a source for costing the ESP. The Work Programme is therefore an important first step in operationalising the ESP. As such, it may be subject to adjustment as conditions change and events unfold.

Volume 2 - Context

The ESP aims to ensure that investment in the broad education sector is fully consistent with national and regional policies.

The policy and strategy reforms within the ESP are linked to broader development policies and practices, including decentralisation, the Medium Term Expenditure Framework (MTEF), the Millennium Development Goals, the 2007 Education Reform, the 2008 Education Act, Government commitments and recent reviews, reports and studies on the education sector.

This volume provides a strategic outline work programme that covers the five education subsectors supported by MTEF, together with the cost of sector management. The next step in the work-programming process will be to conduct further preliminary technical analysis, prepare annual or medium-term operational plans and provide annual technical appraisal by stakeholders. As in previous years, the ESP, the Strategies, the Work Programme and Operational Plans will all be subject to periodic review and re-appraisal.

Purpose

The purpose of this document is

- to assist with implementation of ESP 2010 - 20.
- to identify strategies, priorities, scopes of work and technical requirements for District Officers, and Working Groups designated by MOE and its Subvented Agencies.
- to sequence the ESP in terms of expected outcomes.

The work programme, when developed in terms of district, regional and central desk operational plans, will assure the following important elements in sector management:

- a) Improved linkages between education sector development and national development ambitions and plans
- b) Preparation of a comprehensive sector financing framework linked to the budgeting process and the MTEF, that includes an assessment of requirements, recurrent and development budget commitments and realistic utilisation of probable financing resources
- c) Uniform and internally consistent financial management, monitoring, audit and procurement systems at all levels
- d) Preparation of strategies for integrating existing Ministry activities with broader sector-wide programmes, both in terms of management of implementation and financing
- e) Prioritisation and phasing of interventions
- f) Decentralisation of education delivery, consistent with the Local Government Act 462 (1993), leading to considerably devolved management with significant responsibility for implementation and accountability at institutional, district and regional levels
- g) Capacity building at institutional, district, regional and central levels
- h) Joint Government and funding agency partnership arrangements, including regular monitoring and review processes using agreed performance indicators and reporting systems

ESP Focal areas

Volume 2 contains outcomes and activities for each of the six ESP focal areas and the broad policy goals outlined in Volume 1:

1) Basic Education

*Full inclusion of kindergarten schools within BE;
BE available to all regardless of sex and disadvantage;
Pupil welfare, Value for money within the subsector*

2) Second Cycle Education

*Equitable post basic opportunities for all who are eligible;
Access to quality general and technical senior high schools;
Opportunities for relevant education and training through
technical institutes, apprenticeships and in agriculture*

3) Non Formal Education

*Opportunities for adults and out-of-school young people to
access education through complementary schemes, technical
and vocational skills development, and local apprenticeships*

4) Inclusive and Special Education

*Provision of education for those with special physical and
mental needs by mainstreaming them within the formal
system or, where necessary, within special units and schools*

5) Tertiary Education

*Equitable tertiary education for all who are eligible;
Emphasis on science, technology and national needs;
Expanded to include Open University and new universities*

6) Education Management

*Improvement of planning and delivery of education by
devolution to districts while retaining responsibility for norms,
standards and systemic accountability at the centre*

Description of Volume 2

1. Volume 2 is in the form of an action matrix with each sub-sector presented in relation to the following themes:
 - a) **socio-humanistic** (e.g. equity, access, health)
 - b) **educational** (e.g. quality, skills development)
 - c) **economic** (e.g. efficiency, accountability)
2. A table of acronyms precedes the matrix for ease of reference.
3. The activities within the matrix are assigned to particular MDAs within the Ministry of Education.
4. Each set of activities is summarised by an outline strategy which has been indicatively costed over the 10-year period of the ESP.
5. Where a time frame is given this shows the year intended for the commencement of a particular activity. In some cases the activity may be completed within a year but in most cases it is likely to be ongoing over a longer period within, or frequently exceeding, the duration of the plan.
6. In due course, on a regular basis, the MOE will review sector performance with the purpose of selectively integrating some or all of the activities into more comprehensive budgeted support initiatives.

Next steps

The next step in the work programming process will be for the following work programme to be selectively disaggregated as operational desk tools for appropriate officials in:

- Schools and institutions
- The District Education Offices
- The Regional Education Offices
- The Agencies of MOE, notably GES
- Subvented agencies such as NIB, NCCA, NTC, COTVET, NCTE, NAB
- MOE central office

2 SECOND CYCLE EDUCATION (SC)

Strategic Goal: Increase equitable access to high quality second cycle education that prepares young adults for the various options available within tertiary education and the workplace

Note: There are five district strands in the Second Cycle (SC): these are *Senior High Schools (SHS) - General and Technical, Technical and Vocational Institutes (TVI), Formal Apprenticeship schemes, Agriculture Colleges*. Responsibilities for some of these strands, particularly those that are occupation-related, are shared with other Ministries. Many of the ESP objectives and strategies described below are common to all five strands. Where this is not the case, they are shown separately.

SH Thematic area (a): Socio-humanistic

Policy Objectives	Indicative Targets (Outcomes and Outputs)	Outline Strategy	Indicative Activities	Time Frame	Unit-Agency responsible	Collaborating MDAs
Access						
1. Improve equitable access to and participation in quality education at all levels.	<ul style="list-style-type: none"> 50% GR in SHS by 2020 Gender parity in General SC from 2010 and in Technical SC by 2015 750 SHS schools by 2020 40 TVIs by 2020 	SC1. Make available free public and private SC education and training for those eligible	<ol style="list-style-type: none"> Conduct periodic institutional mapping (at least every 5 years) to determine extent, location and type of SC provision (SHS , TVI, Apprenticeship, Agriculture) Distribute guidelines on SC staffing, materials and infrastructure to public and private SHS, TVI, Apprentice schemes, Agric colleges, District Assemblies, private sector, and appropriate CBOs, NGOs, FBOs Continue SHS construction and refurbishment to achieve at least one (1) SH school per district over the period of the ESP Pursue public-private partnership arrangements for expanded provision of TVET/TVSD, apprenticeship and agriculture programmes 	1.2010 2.2010 3.2010 All on-going activities	BED with REO, DEO TVED COTVET	PBME, DA, NGO, CBO, FBO
	<ul style="list-style-type: none"> Transport available for all eligible SC students by 2020 	SC2. Provide transport for SC students who live more than 5 km and less than 15 km from their institutional	<ol style="list-style-type: none"> Invite tenders from local transport providers Produce and issue guidelines and timetables to transport providers Monitor provision of transport services 	1. 2010 2. 2011 3. 2012 All on-going activities	BED with DEO, REO	PBME

Policy Objectives	Indicative Targets (Outcomes and Outputs)	Outline Strategy	Indicative Activities	Time Frame	Unit-Agency responsible	Collaborating MDAs
	<ul style="list-style-type: none"> Boarding facilities available for SC population Reduce 2008 number of boarding students by 50% by 2016 	SC3. Provide free boarding as necessary for eligible SC students	<ol style="list-style-type: none"> Devise, publish and enforce policy and rules for eligibility for boarding (with emphasis on reducing boarding by attending nearest available SC facility and boarding should <i>not</i> be free unless it is considered necessary <i>and</i> parents cannot afford it) See SC17 Reduce unit costs of boarding through student self help and resource generation activities 	From 2010	BED with REO, DEO TVED COTVET	PBME
	<ul style="list-style-type: none"> 50% of all health funding from non-governmental sources by 2012 and beyond IEC Health programmes in place and ongoing 	SC4. Develop and implement an Integrated School Health (ISH) programme within SC education.	<ol style="list-style-type: none"> Explore and establish linkages with Non-Government bodies to work with government on ISH programmes Design and implement IEC for ISH to educate and disseminate health information (as it relates to nutrition, de-worming, sanitation, inoculation, HIV&AIDS, and malaria and hepatitis-B prevention). 	Ongoing from 2012	<ol style="list-style-type: none"> SHEP SHEP 	<ol style="list-style-type: none"> PS, CBO, NGO, FBO, DP, MoH PRU, DEO
	<ul style="list-style-type: none"> HIV&AIDS and STD programmes operational in all SC institutions All new SC teachers trained in STD/ HIV&AIDS basic counselling, prevention, care and support IEC programmes for HIV&AIDS in place and ongoing Programme for pupil/student peer educators in place HIV&AIDS workplace programmes in place 	SC5. Include SC institutions within national initiatives to reduce the HIV&AIDS and STD pandemics.	<ol style="list-style-type: none"> Review HIV&AIDS programmes in teacher training syllabuses Support HIV&AIDS clubs in schools/institutions at all levels Design and implement IEC programmes to educate, and disseminate information, in the area of HIV&AIDS prevention and management Appoint focal person to implement HIV&AIDS and STD programmes within each institution and the workplace Train SC institution and workplace peer educators and focal persons Review manuals on HIV&AIDS for school and workplace focal persons Provide guidance and counselling, and support and assistance to pupils and staff in HIV&AIDS and STD issues Provide material support to those students orphaned as a result of HIV&AIDS (and other events), in order that they can complete their education.
